Abstract

In the Name of ALLah the Companionate the Merciful.
Thanks for ALLah and praying upon his prophet Mohammed
and his good relatives.

AL-Basrah was and still a source of inspiration in many
ways. It was characterized by its education and knowledge
touch. Many scientists, Artists and philosophers were born
in this place. They were creative in their fields and they
enriched the libraries by their writings of which were very
important for writers and researchers.

One of the great writers was Al - sheikh Muhammed
Ameen Zain AL-Deen. He was very significant scientist in
religion and morals and thought activity. In addition to the
previous qualities, He was well known Artist.
His writing reached AL-Bahrain and east area of AL-Suadia.
I choosed this research of this writer to emphasize on his
religious, educational thought.

This paper includes:

- 1 . Summary of date and life of Al - sheikh.
- 2 . Some of his teachers and students.
- 3 .his issues.
4. what was said about him by the scientists.
5. his book “;alimate for Al - Takwa”.
6. General directions for his educational and thought
tendency.

Finally, I hope that I can manage to do something about
the scientists and writers of Basrah.
