Abstract

It was the desire in me to write a subject line with cash the old and Tnzirath in the Code of Arabic literature, though, that the subjects of Classical Arabic Literature addressed researchers lesson and analysis even think of the researcher that nothing new could provide, if they tried to run in this . This thing is who gave the expanse of hope in the feasibility study, and then it was a catalyst for research on the subject discloses the good spirit of our scientists Venerable, who did not their knowledge to the people, and tried to present the accumulation of their technical expertise.
