

Ali Al-Sarraj
1965-2012

This year a great shining star stops to illuminate the sky of Basrah. We lost one of our dears, Dr. Ali Darweesh Al-Sarraj.

Dr. Ali passed away on the 20th of Jan. 2012. He was born in Basrah in 1965, he got his Bachelor in Dental Surgery from the University of Mosul in 1989 then he had Diploma in Dental Surgery from the University of Baghdad in 1997 and also Master Degree in Maxillo-Facial Surgery from Baghdad University in 2002.

Dr. Al-Sarraj was one of the founders of the College of Dentistry in Basrah University since its establishment in 2005.

We feel really lost with the departure to heavens of Dr. Ali as he was a very honest and sincere friend. He was polite, calm with cheerful personality and he was a man with kind words, very impressive and very helpful.

He will be remembered by his three sons and daughter, God blesses his soul.
